

Statement of Concern about Library Resources

Intellectual freedom in a public library necessitates selecting some materials that may be considered controversial by some individuals or groups. Reasons often cited for materials considered offensive include use of profanity, divergent viewpoints, controversial authors, sexual content, and depictions of violence and criminal acts. The acquisition of such materials does not imply approval or endorsement of their contents. The selection criteria used by the St. Tammany Parish Library must remain broad and flexible in order to provide a collection that supports the broad range of interests and diverse backgrounds of the citizens of St. Tammany Parish.

Something that doesn't have sex in it and sado sex
