Good afternoon,

I will not be able to attend the LBOC meeting tonight but wanted to give my comments on the agenda items. I am happy there are no new rules and regulations changes proposed at this meeting. I think any changes to rules and regulations should be considered during a rules and regulation committee meeting as they were done in the past.

During the July meeting, the board will need to approve an additional extension of time for books with statements of concern. I know I have several statements pending that will be over a year old at the time of the July meeting. As stated in my statements, I believed all the books under GNR should be moved back to the regular locations and out from behind the circulation desks. The board could choose to rescind the resolution and put these books behind the circulation desk and instruct the staff to return the books to the shelves. This would solve my concerns.

My comments for tonight's meetings:

Item 1 Minutes

The minutes show that the vote to bring up the off the floor agenda item to postpone the RFID project passed. This is incorrect. The motion was to bring an off the floor agenda item up. In order to bring an off the floor agenda item up it needs a unanimous vote. The vote was not unanimous and therefore was not brought up and did not pass.

Item 2D

I am in favor of the approval of the proposed budget.

Item 2E

I am in favor of designating additional funds to cover the increased expenses of the repairs at the Mandeville branch.

Item 2F

I am in favor of setting the millage rate at the maximum recently approved by voters. 4.35 mils.

Thank you,
Kevin Marino
