Statement of Concern about Library Resources

Intellectual freedom in a public library necessitates selecting some materials that may be considered controversial by some individuals or groups. Reasons often cited for materials considered offensive include use of profanity, divergent viewpoints, controversial authors, sexual content, and depictions of violence and criminal acts. The acquisition of such materials does not imply approval or endorsement of their contents. The selection criteria used by the St. Tammany Parish Library must remain broad and flexible in order to provide a collection that supports the broad range of interests and diverse backgrounds of the citizens of St. Tammany Parish.

1. Resource on which you are commenting:

Book X Audiovisual ____ Magazine/Newspaper ____ Other:
Library Program ____ Display ____ Electronic Resource ____ _____

2. Title A Game of Thrones: The Graphic Novel. Volume 1

3. Author/Producer Abraham, Daniel

4. At which branch library or in which electronic resource did you encounter this material or resource?

I searched the online catalog. Call Number: GNR Abra 1

5. What brought this resource to your attention?

I reviewed the list of titles moved to behind the circulation desk by looking up call numbers starting in GNR.

6. Did you review/read the entire item? If not, what sections did you review/read?

I did not review this book in its entirety. I only reviewed the online catalogue.

7. What course of action do you recommend in regard to this resource?

I recommend that the books be moved from behind the circulation desk and returned to its original location. To accomplish this, the board may need to pass a new resolution that overturns the previous resolution passed on February 28, 2023. This action is necessary to restore equitable access to the material and uphold the First Amendment rights of all St. Tammany Parish citizens.

8. Please state your reasons for making this recommendation. To what in the resource do you object? Please be specific: cite pages, scenes, or sections. Please comment on the resource as a whole, as well as being specific on the matters which concern you.

On February 28, 2023 there was a resolution which resulted in moving this book, and several other books, behind circulation. I strongly believe this this is a violation of the first amendment of United States Constitution.

In the Supreme Court case, *Sund v. City of Wichita Falls*, two children's books, *Heather Has Two Mommies* and *Daddy's Roommate*, were moved to the adult section after a number of individuals and special interest groups began attempts to censor the books which they considered to be offensive and objectionable. The Court found the "removal of the two books, constitutes impermissible content-based and viewpoint-based discrimination." Further, the court determined that while the "petitioned books are not banned entirely from the library, the burdens on Plaintiffs' First Amendment rights imposed by the Resolution are nonetheless constitutionally objectionable. Even where a regulation does not silence speech altogether, the Supreme Court has given 'the most exacting scrutiny to regulations that suppress, disadvantage, or impose differential burdens upon speech because of its content.'" In addition, because the only children's books located in the adult sections of the library will be those removed under the Altman Resolution, the Resolution attaches an unconstitutional stigma to the receipt of fully-protected expressive materials.

I believe the resolution that moved these books behind the circulation violated my First Amendment rights and the rights of every St Tammany Parish citizen. Only books found to have certain content are being moved behind the circulation desk. This attaches an unconstitutional stigma to the receipt of this material.

9. In its place, what material or resource would you recommend on this topic?

No need to remove the book, just return it to the correct location.

NOTE: This statement will be forwarded to Library Board of Control. You will be advised in writing of the decision. Thank you for your concern and input. 4. At which branch library or in which electronic resource did you encounter this material or resource?

 I searched the online catalog. Call Number: GNR 741.5973 Moo

5. What brought this resource to your attention?

I reviewed the list of titles moved to behind the circulation desk by looking up call numbers starting in GNR.

6. Did you review/read the entire item? If not, what sections did you review/read?

I did not review this book in its entirety. I only reviewed the online catalogue.

7. What course of action do you recommend in regard to this resource?

I recommend that the books be moved from behind the circulation desk and returned to its original location. To accomplish this, the board may need to pass a new resolution that overturns the previous resolution passed on February 28, 2023. This action is necessary to restore equitable access to the material and uphold the First Amendment rights of all St. Tammany Parish citizens.

8. Please state your reasons for making this recommendation. To what in the resource do you object? Please be specific: cite pages, scenes, or sections. Please comment on the resource as a whole, as well as being specific on the matters which concern you.

On February 28, 2023 there was a resolution which resulted in moving this book, and several other books, behind circulation. I strongly believe this this is a violation of the first amendment of United States Constitution.

In the Supreme Court case, *Sund v. City of Wichita Falls*, two children's books, *Heather Has Two Mommies* and *Daddy's Roommate*, were moved to the adult section after a number of individuals and special interest groups began attempts to censor the books which they considered to be offensive and objectionable. The Court found the "removal of the two books, constitutes impermissible content-based and viewpoint-based discrimination." Further, the court determined that while the "petitioned books are not banned entirely from the library, the burdens on Plaintiffs' First Amendment rights imposed by the Resolution are nonetheless constitutionally objectionable. Even where a regulation does not silence speech altogether, the Supreme Court has given 'the most exacting scrutiny to regulations that suppress, disadvantage, or impose differential burdens upon speech because of its content.'" In addition, because the only children's books located in the adult sections of the library will be those removed under the Altman Resolution, the Resolution attaches an unconstitutional stigma to the receipt of fully-protected expressive materials.

I believe the resolution that moved these books behind the circulation violated my First Amendment rights and the rights of every St Tammany Parish citizen. Only books found to have certain content are being moved behind the circulation desk. This attaches an unconstitutional stigma to the receipt of this material.

9. In its place, what material or resource would you recommend on this topic?

No need to remove the book, just return it to the correct location.

Statement of Concern about Library Resources

Intellectual freedom in a public library necessitates selecting some materials that may be considered controversial by some individuals or groups. Reasons often cited for materials considered offensive include use of profanity, divergent viewpoints, controversial authors, sexual content, and depictions of violence and criminal acts. The acquisition of such materials does not imply approval or endorsement of their contents. The selection criteria used by the St. Tammany Parish Library must remain broad and flexible in order to provide a collection that supports the broad range of interests and diverse backgrounds of the citizens of St. Tammany Parish.

Book X Audiovisual Magazine/Newspaper Other:
Library Program Display Electronic Resource _____

2. Title Diego Rivera

3. Author/Producer Mora, Francisco de la

4. At which branch library or in which electronic resource did you encounter this material or resource?

 I searched the online catalog. Call Number: GNR 759.972 Mor

5. What brought this resource to your attention?

I reviewed the list of titles moved to behind the circulation desk by looking up call numbers starting in GNR.

6. Did you review/read the entire item? If not, what sections did you review/read?

I did not review this book in its entirety. I only reviewed the online catalogue.

7. What course of action do you recommend in regard to this resource?

I recommend that the books be moved from behind the circulation desk and returned to its original location. To accomplish this, the board may need to pass a new resolution that overturns the previous resolution passed on February 28, 2023. This action is necessary to restore equitable access to the material and uphold the First Amendment rights of all St. Tammany Parish citizens.

8. Please state your reasons for making this recommendation. To what in the resource do you object? Please be specific: cite pages, scenes, or sections. Please comment on the resource as a whole, as well as being specific on the matters which concern you.

On February 28, 2023 there was a resolution which resulted in moving this book, and several other books, behind circulation. I strongly believe this this is a violation of the first amendment of United States Constitution.

In the Supreme Court case, *Sund v. City of Wichita Falls*, two children's books, *Heather Has Two Mommies* and *Daddy's Roommate*, were moved to the adult section after a number of individuals and special interest groups began attempts to censor the books which they considered to be offensive and objectionable. The Court found the "removal of the two books, constitutes impermissible content-based and viewpoint-based discrimination." Further, the court determined that while the "petitioned books are not banned entirely from the library, the burdens on Plaintiffs' First Amendment rights imposed by the Resolution are nonetheless constitutionally objectionable. Even where a regulation does not silence speech altogether, the Supreme Court has given 'the most exacting scrutiny to regulations that suppress, disadvantage, or impose differential burdens upon speech because of its content.'" In addition, because the only children's books located in the adult sections of the library will be those removed under the Altman Resolution, the Resolution attaches an unconstitutional stigma to the receipt of fully-protected expressive materials.

I believe the resolution that moved these books behind the circulation violated my First Amendment rights and the rights of every St Tammany Parish citizen. Only books found to have certain content are being moved behind the circulation desk. This attaches an unconstitutional stigma to the receipt of this material.

9. In its place, what material or resource would you recommend on this topic?

No need to remove the book, just return it to the correct location.

NOTE: This statement will be forwarded to Library Board of Control. You will be advised in writing of the decision. Thank you for your concern and input. Statement of Concern about Library Resources

Intellectual freedom in a public library necessitates selecting some materials that may be considered controversial by some individuals or groups. Reasons often cited for materials considered offensive include use of profanity, divergent viewpoints, controversial authors, sexual content, and depictions of violence and criminal acts. The acquisition of such materials does not imply approval or endorsement of their contents. The selection criteria used by the St. Tammany Parish Library must remain broad and flexible in order to provide a collection that supports the broad range of interests and diverse backgrounds of the citizens of St. Tammany Parish.

Library Program Display Electronic Resource _____

2. Title Fables: [3] Storybook Love

3. Author/Producer Willingham, Bill

4. At which branch library or in which electronic resource did you encounter this material or resource?

 I searched the online catalog. Call Number: GNR 741.5973 Wil 3

5. What brought this resource to your attention?

I reviewed the list of titles moved to behind the circulation desk by looking up call numbers starting in GNR.

6. Did you review/read the entire item? If not, what sections did you review/read?

I did not review this book in its entirety. I only reviewed the online catalogue.

7. What course of action do you recommend in regard to this resource?

I recommend that the books be moved from behind the circulation desk and returned to its original location. To accomplish this, the board may need to pass a new resolution that overturns the previous resolution passed on February 28, 2023. This action is necessary to restore equitable access to the material and uphold the First Amendment rights of all St. Tammany Parish citizens.

8. Please state your reasons for making this recommendation. To what in the resource do you object? Please be specific: cite pages, scenes, or sections. Please comment on the resource as a whole, as well as being specific on the matters which concern you.

On February 28, 2023 there was a resolution which resulted in moving this book, and several other books, behind circulation. I strongly believe this this is a violation of the first amendment of United States Constitution.

In the Supreme Court case, *Sund v. City of Wichita Falls*, two children's books, *Heather Has Two Mommies* and *Daddy's Roommate*, were moved to the adult section after a number of individuals and special interest groups began attempts to censor the books which they considered to be offensive and objectionable. The Court found the "removal of the two books, constitutes impermissible content-based and viewpoint-based discrimination." Further, the court determined that while the "petitioned books are not banned entirely from the library, the burdens on Plaintiffs' First Amendment rights imposed by the Resolution are nonetheless constitutionally objectionable. Even where a regulation does not silence speech altogether, the Supreme Court has given 'the most exacting scrutiny to regulations that suppress, disadvantage, or impose differential burdens upon speech because of its content.'" In addition, because the only children's books located in the adult sections of the library will be those removed under the Altman Resolution, the Resolution attaches an unconstitutional stigma to the receipt of fully-protected expressive materials.

I believe the resolution that moved these books behind the circulation violated my First Amendment rights and the rights of every St Tammany Parish citizen. Only books found to have certain content are being moved behind the circulation desk. This attaches an unconstitutional stigma to the receipt of this material.

9. In its place, what material or resource would you recommend on this topic?

No need to remove the book, just return it to the correct location.

NOTE: This statement will be forwarded to Library Board of Control. You will be advised in writing of the decision. Thank you for your concern and input. Statement of Concern about Library Resources

Intellectual freedom in a public library necessitates selecting some materials that may be considered controversial by some individuals or groups. Reasons often cited for materials considered offensive include use of profanity, divergent viewpoints, controversial authors, sexual content, and depictions of violence and criminal acts. The acquisition of such materials does not imply approval or endorsement of their contents. The selection criteria used by the St. Tammany Parish Library must remain broad and flexible in order to provide a collection that supports the broad range of interests and diverse backgrounds of the citizens of St. Tammany Parish.

6. Did you review/read the entire item? If not, what sections did you review/read?

I did not review this book in its entirety. I looked through the book and noticed some images that may be inappropriate for children. Originally, this book was shelved in the Adult Graphic Novel section, which ensures that only adults and children with an unrestricted library card can access it. Therefore, I recommend that this book be returned to its original location in the Adult Graphic Novel section.

1. Resource on which you are commenting:

Book X Audiovisual ____ Magazine/Newspaper ____ Other:
Library Program ____ Display ____ Electronic Resource ____ _____

2. Title Kase-san and Cherry Blossoms

3. Author/Producer Takashima, Hiromi

4. At which branch library or in which electronic resource did you encounter this material or resource?

 I searched the online catalog. Call Number: GNR Taka 5

5. What brought this resource to your attention?

I reviewed the list of titles moved to behind the circulation desk by looking up call numbers starting in GNR.

6. Did you review/read the entire item? If not, what sections did you review/read?

I did not review this book in its entirety. I only reviewed the online catalogue.

7. What course of action do you recommend in regard to this resource?

I recommend that the books be moved from behind the circulation desk and returned to its original location. To accomplish this, the board may need to pass a new resolution that overturns the previous resolution passed on February 28, 2023. This action is necessary to restore equitable access to the material and uphold the First Amendment rights of all St. Tammany Parish citizens.

8. Please state your reasons for making this recommendation. To what in the resource do you object? Please be specific: cite pages, scenes, or sections. Please comment on the resource as a whole, as well as being specific on the matters which concern you.

On February 28, 2023 there was a resolution which resulted in moving this book, and several other books, behind circulation. I strongly believe this this is a violation of the first amendment of United States Constitution.

In the Supreme Court case, *Sund v. City of Wichita Falls*, two children's books, *Heather Has Two Mommies* and *Daddy's Roommate*, were moved to the adult section after a number of individuals and special interest groups began attempts to censor the books which they considered to be offensive and objectionable. The Court found the "removal of the two books, constitutes impermissible content-based and viewpoint-based discrimination." Further, the court determined that while the "petitioned books are not banned entirely from the library, the burdens on Plaintiffs' First Amendment rights imposed by the Resolution are nonetheless constitutionally objectionable. Even where a regulation does not silence speech altogether, the Supreme Court has given 'the most exacting scrutiny to regulations that suppress, disadvantage, or impose differential burdens upon speech because of its content.'" In addition, because the only children's books located in the adult sections of the library will be those removed under the Altman Resolution, the Resolution attaches an unconstitutional stigma to the receipt of fully-protected expressive materials.

I believe the resolution that moved these books behind the circulation violated my First Amendment rights and the rights of every St Tammany Parish citizen. Only books found to have certain content are being moved behind the circulation desk. This attaches an unconstitutional stigma to the receipt of this material.

9. In its place, what material or resource would you recommend on this topic?

No need to remove the book, just return it to the correct location.

NOTE: This statement will be forwarded to Library Board of Control. You will be advised in writing of the decision. Thank you for your concern and input. Statement of Concern about Library Resources

Intellectual freedom in a public library necessitates selecting some materials that may be considered controversial by some individuals or groups. Reasons often cited for materials considered offensive include use of profanity, divergent viewpoints, controversial authors, sexual content, and depictions of violence and criminal acts. The acquisition of such materials does not imply approval or endorsement of their contents. The selection criteria used by the St. Tammany Parish Library must remain broad and flexible in order to provide a collection that supports the broad range of interests and diverse backgrounds of the citizens of St. Tammany Parish.
