

St. Tammany Parish Library
Board of Control Special Meeting
June 25, 2026
St. Tammany Parish Library Covington Branch
310 W 21st Ave,
Covington, LA 70433
3:00 P.M.

Public Comment: A three (3) minute time limit is established for each member of the public wishing to speak (for or against) an item on the agenda. In the case of a Statement of Concern decision, the person who filed the Statement of Concern is given 5 minutes to speak. Please note, all comments must pertain to the agenda item announced. There is no general public comment at the beginning or end of the meeting. Any person wishing to comment on a topic not listed on the agenda may do so by e-mailing lboc@stpl.us by 12:30 PM on Thursday, June 25, 2026.

AGENDA

Call to order by President and Roll Call by Director

Invocation

Pledge of Allegiance

1. NEW BUSINESS

A. Designation of Capital Funds – Slidell Library Project Construction Costs (Resolution # 26-015 Branton)
(includes presentation from Meyer Engineers, Ltd.)

- Public Comment
- Discussion
- Vote

B. Designation of Capital Funds – Lacombe Library Project Construction Costs (Resolution # 25-016 Branton)
(includes presentation from RCL Architecture)

- Public Comment
- Discussion
- Vote

C. Reallocation of Capital Funds – RFID Project to Slidell Library Project Soft Costs (Resolution # 25-017 Branton)

- Public Comment
- Discussion
- Vote

Re: St. Tammany Parish Library
Slidell Branch Expansion – PPSL-VSF-25-26-5
Contract No. 42201346
Amendment to Contract – Phase 2
A/E Project No. 25-1130-0034

Dear Ms. Beach:

With Phase 1 – Programming and Schematic Design now complete, we respectfully request a contract amendment to include fees for Phases 2, as outlined in the attached Scope of Work and Cost Proposal, including the required supplemental services.

Also attached is our Probable Construction Cost, which remains consistent with the established construction budget of \$3,600,000.

Please prepare the contract amendment at your earliest convenience. If you need any additional information, we would be pleased to assist.

Sincerely,

Meyer Engineers, Ltd.

Alton O. Davis, AI, NCARB, ICC

SCOPE OF WORK AND COST PROPOSAL (PHASE 2 & 3)
ST TAMMANY PARISH LIBRARY – SLIDELL BRANCH EXPANSION
 A/E PROJECT NO. 25-1130-0034 MAY 12, 2025
 REVISED MAY 14, 2025
 REVISED JUNE 8, 2026
 REVISED JUNE 15, 2026

The project consists of the design and construction for the entire roof replacement of Slidell Branch of the St. Tammany Parish Library and the possible 2,000 – 3,000 square foot expansion, as well as some interior renovations such as carpeting, paint, and reorganizing the space of the existing building. The additional space functions could include study rooms, a story time room, or even a maker space, such as currently found at the Madisonville, Causeway, and Covington Branches.

Meyer Engineers, Ltd. (MEL) will provide the architectural and engineering services as needed inclusive of the Scope of Work and Services as further described below.

PHASE 1 – PROGRAMMING AND SCHEMATIC DESIGN (COMPLETED)

PHASE 2 – CONSTRUCTION DOCUMENTS

Upon completion of Phase 1 and written authorization from The Parish, the Consultant will complete the design, generate the design development, prepare construction documents and generate a complete set of drawings and specifications for the Parish inclusive of:

- Site plan and site details (including additional site lighting).
- Floor plan, reflected ceiling plan, roof plan, life safety plan, enlarged floor plans (as necessary), etc.
- Building elevations and sections.
- Details for wall and interior partition construction (including fire ratings as required)
- Interior elevations and millwork details
- Door, window, and hardware schedules and details
- Room finishes plan, signage plan, and schedules
- Engineered drawings and details for construction of the expansion shell structural steel.
- Mechanical (HVAC, plumbing, and fire protection) drawings, including equipment schedules, riser diagrams, and details
- Electrical (lighting and power) drawings, including panel / lighting schedules and details
- Low voltage (audio visual, security, communication, etc.) drawings and equipment schedules
- Updated Preliminary Construction Cost Estimate and Scope of Work at each submission

2A – PRELIMINARY CONSTRUCTION DOCUMENTS

Meyer Engineers, Ltd. (MEL) will generate a set of drawings and specifications up to 50% complete for the Parish inclusive of coordinating the documentation from all of the design team disciplines into a comprehensive package along with a Statement of Probable Cost for presentation to the Parish for approval.

2B – FINAL CONSTRUCTION DOCUMENTS

Meyer Engineers, Ltd. (MEL) will finalize the design and documentation for the structural, mechanical, electrical, plumbing, fire protection, low voltage, and architecture into a final set of documents (drawings and specifications) for bidding and construction of the facility. These construction documents will consist of drawings and specifications that fully incorporate the necessary code and governmental requirements required for bidding and permitting.

PHASE 3 – BIDDING, PERMITTING, AND CONSTRUCTION

Upon completion of Phase 2 and written authorization from The Parish, the Consultant will provide bidding, permitting and construction administration for the Parish. This phase may include but is not limited to the following:

3A – BIDDING

MEL will assist the Parish in the opening and evaluation of the bids and make a recommendation for acceptance, as well as assist the Parish with the preparation of the construction contract to be executed by both parties to the contract.

3B – PERMITTING

MEL will assist the Parish in submitting permitting plans and responding to architectural and engineering review comments, which may be received from the permit authorities (Building / Planning Departments / State Fire Marshall). Costs associated with Permit Fees are to be paid directly by the Contractor and Bid / Permit Print Costs are considered reimbursable expenses.

3C – CONSTRUCTION ADMINISTRATION

MEL will administer the Parish and the Contractor's contract and perform periodic site visits to observe the construction progress. If discrepancies with the contract documents are found during these observations, MEL will report their observations to the Parish and the Contractor for required remediation. We will also review shop drawings, contractor pay applications, interpret and issue document clarifications and prepare and review change orders as necessary. Upon notification by the Contractor, Construction Close-Out will include visitation of the facility for review and amending of the Contractor's punch list to determine Substantial Completion. A follow-up visit confirming completion of the punch list items will be performed for recommendation to the Parish for final acceptance. Certificates of completion will be prepared for the proper authorities, and a review of the Contractor's as-built drawings, warranties, and maintenance manuals will be conducted.

PROFESSIONAL SERVICES

Meyer Engineers, Ltd. will provide the following professional services for successful execution on the project. All of these services will be performed by qualified personnel and the documents will be stamped by professionals properly licensed in their respective fields of the State in which the project is located. Professional services anticipated for this project are as follows:

- **ARCHITECTURE:** Architectural services will include the design and documentation of all of the architectural elements of the proposed structures and associated items (i.e. handicapped ramps, support spaces, etc.) The exterior architectural items include the floor, wall, roof assemblies, door, and window schedules/details, finishes (walls, floors, and ceilings), signage, striping, etc. to describe the design intent.
- **CIVIL ENGINEERING:** Civil Engineering services will be performed by a licensed civil engineer and will include the design of the project site for compliance with all applicable codes. These services shall include all surveying, geotechnical and other essential services for site and building design.
- **STRUCTURAL ENGINEERING:** Structural Engineering services will be provided by a licensed structural engineer and will include the design and inspection of the foundations and the structure for the facility, preparation of related construction documents, review of related shop drawings, and field observation trips as required for the successful completion of the project.
- **MECHANICAL AND ELECTRICAL ENGINEERING:** Mechanical and electrical engineering will be provided by licensed professional for each discipline. These services will include the design of the Mechanical, Electrical, Plumbing (MEP), and Fire Protection systems required for this facility including the production of the construction documents (drawings and specifications) that are required to permit and construct the building.

FEE STRUCTURE

The proposed fee structure for Phases 2 and 3 is a Lump Sum on a percentage of the estimated construction cost (\$3,600,000) per the State of Louisiana, Division of Administration, Facility, Planning and Control 2025 Fee Curve, for Construction Documents, Bidding, Permitting, and Construction Administration. The fee schedule and the breakdown is as follows:

Phase 2 – Construction Documents– Lump Sum Fee based on percentage of Construction Cost (LA FP&C fee curve – breakdown below)

• Phase 2A – Preliminary Construction Documents (30%)	\$ 98,753.00
• Phase 2B – Final Construction Documents (40%)	<u>\$131,671.00</u>
Phase 2 – Total Fee (Lump Sum / Percentage of Construction Cost)	\$230,424.00

SUPPLEMENTAL SERVICES

Below is a list of Supplemental Services that are not part of the A/E's basic services. Supplemental Services will have a 10% coordination and management fee added to the final cost of the Supplemental Service. The cost for the Supplemental Services listed below are approximate and can be Geotechnical Report (use from previous projects)

1. Geotechnical Soils Investigation and Report	\$7,500.00
Supplemental Services Total	\$7,500.00

St. Tammany Parish Library Board of Control

Resolution No. 26-015

Resolution Requesting the Designation of Capital Funds for Construction Costs Associated with the Slidell Library Project

June 25th, 2026

SPONSOR: Mr. Branton

WHEREAS, the St. Tammany Parish Library Board of Control is committed to maintaining and improving library facilities in order to provide effective and accessible library services to the residents of St. Tammany Parish; and

WHEREAS, the renovation and expansion of the library facility in Slidell has been identified as a priority capital project necessary to meet current and future library service needs within the parish; and

WHEREAS, the estimated construction cost for the Slidell Library Project has been established at approximately \$3,670,000; and

WHEREAS, St. Tammany Parish has reviewed and verified the estimated project costs and funding requirements associated with the Slidell Library Project; and

WHEREAS, the Board has accumulated an unassigned fund balance through prudent financial management and responsible stewardship of public resources; and

WHEREAS, the Board does not have another regularly scheduled meeting prior to July 27, 2026; and

WHEREAS, requests for the designation and reallocation for capital funds must be submitted to St. Tammany Parish by July 7, 2026, in order to be considered at the August 2026 meeting of the St. Tammany Parish Council; and

St. Tammany Parish Library Board of Control

Resolution No. 26-016

Resolution Requesting the Designation of Capital Funds for Construction Costs Associated with the Lacombe Library Project

June 25th, 2026

SPONSOR: Mr. Branton

WHEREAS, the St. Tammany Parish Library Board of Control is committed to maintaining and improving library facilities in order to provide effective and accessible library services to the residents of St. Tammany Parish; and

WHEREAS, the construction of a new library facility in Lacombe has been identified as a priority capital project necessary to support current and future library services; and

WHEREAS, the estimated construction cost for the Lacombe Library Project has been established at approximately \$3,490,016; and

WHEREAS, St. Tammany Parish has reviewed and verified the estimated project costs and funding requirements associated with the Slidell Library Project; and

WHEREAS, the Board has accumulated an unassigned fund balance through prudent financial management and responsible stewardship of public resources; and

WHEREAS, the Board does not have another regularly scheduled meeting prior to July 27, 2026; and

WHEREAS, requests for the designation and reallocation for capital funds must be submitted to St. Tammany Parish by July 7, 2026, in order to be considered at the August 2026 meeting of the St. Tammany Parish Council; and

St. Tammany Parish Library Board of Control

Resolution No. 26-017

Resolution Requesting the Reallocation of Capital Funds for the Slidell Library Project

June 25th, 2026

SPONSOR: Mr. Branton

WHEREAS, St. Tammany Parish has previously designated capital funds for Project No. FM22000250 for the implementation of the Library's RFID system; and

WHEREAS, the Board has reviewed its capital funding priorities and finds it appropriate to redirect a portion of the funds designated for Project No. FM22000250 to support professional services and other project soft costs associated with the Slidell Library Project, Project No. FM24000287; and

WHEREAS, St Tammany Parish has reviewed the funding requirements associated with the Slidell Library Project and has identified a need for an additional One Hundred Thousand Dollars (\$100,000) for professional services and other project soft costs; and

WHEREAS, the Board does not have another regularly scheduled meeting prior to July 27, 2026; and

WHEREAS, requests for the designation and reallocation for capital funds must be submitted to St. Tammany Parish by July 7, 2026, in order to be considered at the August 2026 meeting of the St. Tammany Parish Council; and

WHEREAS, the Board finds that reallocating a portion of the funds currently designated for the RFID project to the Slidell Library Project is in the best interest of the Library and the public and will support the timely completion of project planning and design activities;
